### Philosophy

LSA’s professionally run skill sessions are dedicated to the development of youth soccer players in a safe and fun environment. Our programs are designed to improve young soccer enthusiasts’ technical and tactical knowledge of the world’s most popular sport. Learning through Play is our motto.

### Objective

Our goal is to provide each child with the opportunity to learn new skills and refine existing ones in an enjoyable and nurturing (while still challenging) camp experience.

### Curriculum

The LSA way is founded on age, gender, and ability appropriate grouping of participants, small enough in number to allow the coach to emphasize and successfully develop players’ individual ball skills. Through expert demonstration and first class technical direction, the coach can maximize the potential of players’ of all sizes and levels of ability and experience. Our small- sided games provide the perfect opportunity for participants to apply the techniques and ideas offered to them in an enjoyable, competitive, and fun-filled environment.

**DUE TO COVID PROTOCOLS: PARTICIPANTS NEED TO COME IN THEIR SOCCER ATTIRE PRIOR TO THE CLASS.**
